

Order Form - Hose Assemblies measured from sample									Identification	
Type of Aircraft:		Call Sign:			Order No:				Hose Typ	Nut - Wrench size
Aus zolltechnischen Gründen bitte immer das Kennzeichen angeben										
No	Hose Type - Dash Size	Cover Sleeve*	Fittings**	twist angle	Total Length mm***	Fluid	Old Marker	Your Marker		
1									111-3	7/16
2									111-4	9/16
3									111-5	5/8
4									111-6	11/16
5									111-8	7/8
6									111-10	1
7									111-12	1-1/4
8									156-3	1/2
9									156-4	9/16
10									156-5	5/8
11									156-6	11/16
12									156-8	7/8
13									156-10	1
14									156-12	1-1/4
15									156-16	1-1/2
* Is there a cover sleeve on? N - no sleeve F - firesleeve M - shrink sleeve									124-3	7/16
** Explanation of fitting GG = straight to straight G45 = straight to 45 degree G90 = straight to 90 degree 4545 = 45 to 45									124-4	9/16
*** Total Length - The total length of a hose assembly is measured along the hose centerline from end of fitting to end of									124-5	5/8
